

## **Conversation with Ginger (Sunday, 9:00 – 11:00 am)**

Come settle in for a delightful morning of questions and answers with Ginger! Ginger has been in the fashion profession for over 20 years and has seen pretty much everything. The one thing she knows is that women have lots of questions about wardrobe and personal style when it comes to what works and what doesn't. The stores, fashion magazines and celebrity stylists often leave women confused or wanting more, and she wants to take the mystery out of looking great. This is your opportunity to get your questions answered in a relaxed, informal setting. Bring your coffee or tea and let's talk girl-talk!
